

Lifetime Extension for Jenbacher Type 6 gas engine – E version

Conversion, Modification & Upgrade

Product description

A customized INNIO* parts and services package can extend the lifetime of Jenbacher* Type 6 gas engines – E version – running on natural gas by up to 33% or 80.000 operating hours (oph).

Product details

The Lifetime Extension package applied at 60,000 oph and executed on-site includes:

- **Mandatory upfront inspection** including basic analytics performed by an authorized technical expert
- **Lifetime Extension core overhaul package** of predefined core parts (e.g. pistons, conrod bearings, vibration damper) and on-site services
- **Optional parts and services package(s)** if recommended after upfront inspection and analytics

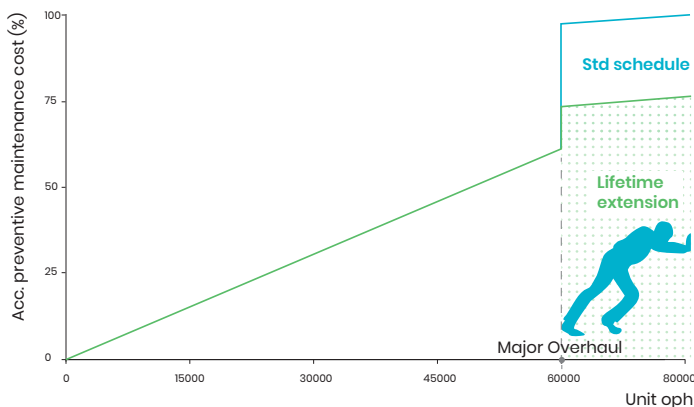

- **Optional follow-up inspections and continuous analytics** to monitor the engine's condition
- **OEM documentation update**

Program conditions:

- Gas engine operated on natural gas in accordance with INNIO's fuel gas specification TI 1000-0300
- Upfront inspection confirms engine suitability for an on-site repair
- Standard warranty on replaced parts and services
- Package cannot be combined with output and efficiency upgrade programs
- Does not include inspection or overhaul of auxiliaries or other equipment beyond genset scope
- Expected downtime for the Lifetime Extension overhaul is 7 to 10 working days

Customer benefits

- **Enhanced flexibility**
Allows customers to react flexibly in response to changing gas prices, feed-in tariffs and emission regulations.
- **Prolonged engine lifetime**
With more than 48,000 reciprocating engines deployed in more than 100 countries, INNIO has well-proven global technology experience that makes it possible to prolong the life of Jenbacher Type 6 engines – E version – by up to 33%.
- **Service agreements option**
INNIO offers a special maintenance agreement covering the Lifetime Extension period.
- **Insurability due to OEM support**
Based on the program's OEM support, most insurance companies will consider prolonging existing contracts.

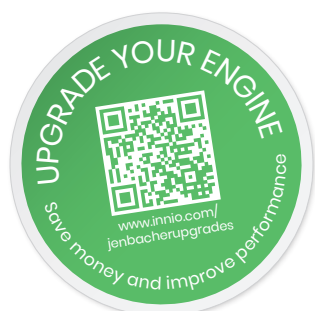

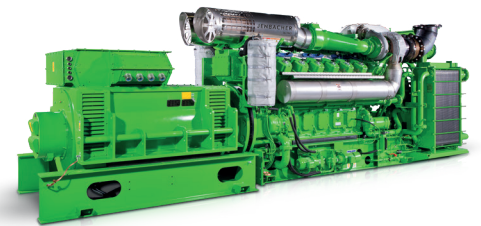

Lifetime Extension of Jenbacher Type 6 gas engines – E version – by up to 33%
