

Waukesha VGF High-Capacity Oil Pan

Conversion, Modification & Upgrade Offering

Product description

Reduce your maintenance costs and increase your uptime by upgrading your Waukesha* VGF* engine with a high-capacity oil pan.

Product details

The high-capacity oil pan has the same footprint and centerline found on previous VGF engines but it doubles the oil capacity, which allows for extended maintenance intervals.

For Inline Engines, Kit Includes:

- Oil pan assembly
- Oil pump connections
- Oil level regulator
- Supporting brackets, hardware, gaskets, etc.

For Vee Engines, Kit Includes:

- Relocation of engine dipstick and oil level regulator

Customer benefits

- **Reduce maintenance costs** due to 2 times extended oil change intervals
- **Increase productivity and operational flexibility** with extended periods between planned maintenance

Applicable units

VGF	All non-extender
-----	------------------

INNIO* is a leading solutions provider of gas engines, power equipment, a digital platform and related services for power generation and gas compression at or near the point of use. With our Jenbacher* and Waukesha* product brands, INNIO pushes beyond the possible and looks boldly toward tomorrow. Our diverse portfolio of reliable, economical and sustainable industrial gas engines generates 200 kW to 10 MW of power for numerous industries globally. We can provide life cycle support to the more than 48,000 delivered gas engines worldwide. And, backed by our service network in more than 100 countries, INNIO connects with you locally for rapid response to your service needs. Headquartered in Jenbach, Austria, the business also has primary operations in Welland, Ontario, Canada, and Waukesha, Wisconsin, US.
