

Dr. Dennis Schulze is Chief Financial Officer at INNIO Group since 2019.

Dr. Dennis Schulze

Chief Financial Officer

Dennis has extensive experience working in the financial services industry and as CFO of private equity-owned companies. He joined INNIO Group in 2019 as CFO.

In 2016, Dennis joined the H.C. Starck Group—a world-leading manufacturer of powders and components made from technology metals and advanced ceramics—as CFO and member of the executive board. From 2012 to 2016, he was CFO of Douglas Group (including Thalia, Christ, and Hussel), Europe’s leading omnichannel premium beauty destination. From 1999 to 2012, he was Managing Director at The Carlyle Group, a leading global private equity fund.

Dennis holds a doctorate and a master’s degree in business administration from the Westfälische Wilhelms-Universität Münster in Germany.

About INNIO Group

INNIO Group is a global distributed energy solutions provider that delivers reliable, flexible, transient, decentralized, modular, and efficient power. With a track record of innovation, INNIO designs, manufactures, and services high-performance power systems under its Jenbacher and Waukesha brands. The company delivers power for applications including data centers, microgrids, grid stabilization, industrial energy, and gas compression.

INNIO has a global coverage across approximately 100 countries as of December 31, 2025, supported by a resilient, high margin services business that delivers long-term, recurring revenues across the full equipment lifecycle. As electricity demand accelerates – driven by AI, electrification and grid constraints – INNIO enables scalable, behind-the-meter power generation with high efficiency, fast-start capability, strong transient performance, and fuel flexibility, including hydrogen-ready solutions.

Headquartered in Munich, Germany, INNIO employs over 5,000 people worldwide and is committed to *moving energy forward*.
